

PRESS RELEASE

“Rolling Rabbit RV Repair Announces Completion of NRVTA Certified RV Inspector Program and Expanded Professional Training”

Rolling Rabbit RV Repair & Inspection is pleased to announce that owner and lead technician Jordan Concannon has successfully completed the NRVTA Certified RV Inspector training and the Registered RV Technician program, marking a major milestone in the company’s ongoing commitment to excellence.

Jordan is currently pursuing extensive continuing education with leading RV product manufacturers to deepen her expertise in:

- Propane systems
- Water systems
- RV appliances
- Electrical troubleshooting
- Chassis, structural components, and safety systems

In addition, she has officially begun the process of completing the RV Technical Institute (RTVI) Level 1 & Level 2 certifications, which are expected to be finalized within the next three months. These advanced certifications will position Rolling Rabbit RV Repair among the most technically trained mobile RV services in Nebraska.

PRESS RELEASE

"My goal is to bring dealership-level knowledge to a mobile, person-centered experience," Jordan says. "The RV industry is constantly evolving, and I want my clients to feel confident knowing their technician stays at the cutting edge of training and safety."

This continued investment in education reinforces Rolling Rabbit's commitment to delivering accurate diagnostics, thorough inspections, and high-quality service to RV owners across the Omaha metro area.
